Index to Vol. LVIII

Electrical Review and Western Electrician

JANUARY 7 TO JUNE 24, 1911

Articles marked * are illustrated; (E) indicates "Editorial."

A

Absorbing screen for photometric use.....1275
Accidents, a new device for preventing.... 1286
Accidents, advertising to prevent..... 179
Accidents, cause and prevention of, by C. W. Kellogg, Jr. 886
Accidents, industrial 270
Accounting for depreciation, by H. M. Edwards 1162
Accounting, general office, by Franklin Heydecke 1161
Accounting, purchasing-department, by Thorlow W. Buxton..... 1161
Accounting, report of National Electric Light Association Committee on Uniform 1101
Accounts, work involved in handling consumers,' by tabulating system, by H. R. Kern 441
Accumulator plate, some features of Tate bifunctional, by Alfred O. Tate..... 743
Acetylene buoy lighting, by David Ahlin 174
Adams-Bagnall fans for 1911..... 507
Adams, Comfort A.*..... 677
Advertising and Publicity, report of National Electric Light Association Committee on 1160
Advertising, co-operative (E)..... 122
Advertising display by airships, electric.. 494
Advertising in Toronto, souvenir..... 701
Advertising medium, electricity as, by C. M. Axford 492
Advertising, municipal and electrical..... 92
Advertising to prevent accidents..... 179
Advertising, value of electrical..... 495
Aeroplanes, wireless for..... 901
Afghanistan, hydroelectric plant in..... 1049
Aichiken commercial museum, the..... 1257
Air and dry transformer oil as high-voltage insulators, by Prof. Harris J. Ryan.... 134
Air insulation and corona (E)..... 121
Airships, electric advertising display by.... 494
Alameda, Cal., to celebrate railroad opening 877
Alarm, electric jewel-box..... 1124
Alfalfa mill, electricity in*..... 247
Allegheny County Light Company Section, National Electric Light Association.324, 497
Allentown (Pa.) central-station exhibit.... 956
Allis-Chalmers exceeds records for February 561
Allis-Chalmers head, new 68
Allis-Chalmers lighting transformers*..... 1237
Alloy, new 206
Alloys, properties of Heusler..... 325
Alpha rays, properties of, by Prof. Ernest Rutherford 925
Alternating-current plant, our first and how it started, by William Stanley.... 926
Aluminum anode films, some properties of, by O. E. Bairsto and R. Mercer..... 692
Aluminum for commutators..... 49
Aluminum, solder for 1016
Aluminum, some observations on laboratory production of, by H. K. Richardson... 743
Aluminum transmission lines 690
Amalgamating gold ores, electrolytic system of, by E. E. Carey..... 742
American Arc Lamp Company's shop clusters, light distribution tests of*..... 506
American Association for Advancement of Science, meeting of 35
American Brass Founders' Association, convention of 628
American Chemical Society, Chicago Section 982
American Electric Railway Association, convention of 924
American Electric Railway Association dinner (E) 218
American Electric Railway Association dinner 222
American Electric Railway Manufacturers' Association, new office of..... 540
American Electrochemical Society, Chicago Section 173
American Electrochemical Society, convention of 532, 580, 742
American Electrochemical Society, New York Section 150
American Electrochemical Society, spring meeting of 139
American Foundrymen's Association, convention of 628, 980
American Institute of Consulting Engineers, annual meeting of 268
American Institute of Electrical Engineers, annual meeting of 690, 980, 1042
American Institute of Electrical Engineers, Armour Institute of Technology Branch 74, 740, 992
American Institute of Electrical Engineers, Chicago Section, joint meeting with Electrical Section, Western Society of Engineers.....220, 430, 641, 877, 893, 1094
American Institute of Electrical Engineers, Cleveland Section 422
American Institute of Electrical Engineers, convention of 373, 388, 427, 782, 876, 921, 932, 1092, 1258
American Institute of Electrical Engineers, Detroit-Ann Arbor Branch..... 270
American Institute of Electrical Engineers, joint meeting with American Society of Mechanical Engineers 544
American Institute of Electrical Engineers, Lewis Institute Branch 1104
American Institute of Electrical Engineers, Los Angeles convention of.....782, 932
American Institute of Electrical Engineers, mid-year convention of..... 388
American Institute of Electrical Engineers, Pacific Coast meeting of (E)..... 921
American Institute of Electrical Engineers, Pittsburg Section 6, 694, 830
American Institute of Electrical Engineers, Pittsfield Section 926
American Institute of Electrical Engineers, presentation of badges to past-presidents of 470
American Institute of Electrical Engineers reception and ball.....268, 420
American Institute of Electrical Engineers, St. Louis Section, joint meeting with St. Louis Engineers' Club..... 247
American Institute of Electrical Engineers, Toledo Section 70, 291, 1140
American Institute of Electrical Engineers, 255th meeting of..... 134
American Institute of Electrical Engineers, 256th meeting of..... 329
American Institute of Electrical Engineers, 261st meeting of..... 793
American Mining Congress, convention of. 630, 1031
American Museum of Safety chartered.... 1107
American Physical Society, spring meeting of 841
American Railway Engineering and Maintenance of Way Association, convention of 594
American Society for Testing Materials, convention of 889
American Society of Mechanical Engineers, convention of 420, 876, 1171
American Society of Mechanical Engineers, joint meeting with American Institute of Electrical Engineers..... 544
American Supply and Machinery Manufacturers' Association, convention of..... 276
American Telephone & Telegraph Company, annual report of..... 606
Among the contractors and supply men.... .....103, 248, 451, 503, 657, 760, 904, 1071, 1233
Anchors, application of guy, under difficulties* 1123
Anderson Carriage Company changes name to Anderson Electric Car Company.... 155
Andrae & Sons, Julius, plant of, burns.... 126
Antenna for flying machine..... 198
Antenna, kites for wireless..... 638
Antenna mast, high..... 609
Apparatus, life of electrical..... 108
Apparatus, report of National Electric Light Association Committee on Electrical 1150
Apportionment of expenses..... 884
Appraisals, breadth of view in public-utility, by H. M. Byllesby..... 1142
Appropriation for University of Illinois..... 1263
Arc holds trade, flame, by H. Thurston Owens* 396
Arc-lamp hanger and lowering gear*..... 455
Arc lamp, new form of..... 1225
Arc-lamp order, world's largest..... 912
Arc lamps, electric vehicle as applied to trimming and inspection of*..... 897
Arc lamps in street lighting, open, by Albert Scheible 703
Arc lamps, radiant efficiency of, by H. P. Gage 842
Arch lighting proposed for Eugene, Ore... 151
Architecture of power plants (E)..... 467
Arcs, flaming (E)..... 322
Argentina, electrical development in..... 439
Argentina, government telephone system for 1005
Argentine plant, improving..... 341
Arkansas Association of Public Utility Operators, convention of*.....676, 734, 993
Armour Institute Branch, American Institute of Electrical Engineers.....74, 740, 992
Army, the engineer and (E)..... 626
Arresters, features in design of electric*.. 1010
Arrhenius, presentation of medal to Professor 982
Associated Foundry Foremen, convention of 628
Association of Licensed Manufacturers of Incandescent Lamps, dissolution of.... 828
Association of Railway Electrical Engineers, convention of 468, 532
Association of Railway Telegraph Superintendents, convention of..... 705
Atherium, a new alloy..... 206
Atmospheric conductivity at high altitudes 581
Automatic devices in small power plants (E) 529
Automatic section insulators*..... 1240
Automatic telephones in Cuba..... 652
Automobile Dealers' Association, Electric, organization of 638
Automobile, electric, by F. H. Golding.... 838
Automobile electric lighting, storage batteries for, by George L. Chandler*.... 961
Automobile gets out newspaper..... 151
Automobile lamp circuits, wiring for..... 158
Automobile salesroom, handsome*..... 563
Automobile show, Boston 468
Automobile show, Brooklyn 395
Automobile show, Chicago 255
Automobile show, New York..... 153
Automobile show, Toronto 493
Automobiles, new lighting and ignition system for* 908
Auto starters for induction motors, Western Electric* 564

B

Babcock electric touring car*..... 1236
Babcock electric vehicles for 1911*..... 303
Baker electric vehicles for 1911*..... 304
Barnard, Capt. B. S.*..... 413
Battery cars, new storage 1188
Battery for electric vehicles, new "Ironclad Exide" 155
Battery for mines, storage..... 155
Battery for Minneapolis Company, large.... 764
Battery, largest storage, in world..... 814
Battery, lecture on Ironclad-Exide.....252, 768
Battery, new portable storage*..... 52
Battery, new storage*..... 51
Battery plants, storage, by W. B. Gump* 340, 393, 435
Battery, re-chargeable dry 1188
Battery, 10,000-volt storage 640
Batteries and extra trays, advantages of duplicate 452
Batteries for automobile electric lighting, storage, by George L. Chandler*..... 961
Batteries for railway signaling, portable storage, by A. H. McKeen..... 594
Batteries in 1910 11
Batteries, life of primary..... 609
Batteries, machine for making dry..... 718
Battleships, special incandescent lighting for (E) 531
Bavarian hydroelectric development..... 1216
Beggs, John I.*..... 581
Best system of radiation for economy and steam consumption when fed from a district-heating station, by W. J. Kline. 1214
Blasting, electric, principles of, by T. H. Kneebone 1280
Block signals compulsory in Indiana..... 558
Blood, W. H., Jr.*..... 469
Board of Patent Control abolished, General Electric-Westinghouse 828
Boiler corrosion (E)..... 1089
Boiler corrosion, overcoming 1051
Boiler for heating passenger trains, electric steam 247
Boiler inspection in New York..... 605
Boiler practice with buckwheat coal, good. 845
Boiler tests, some turbine and..... 1272
Bonding process, O-B thermo*..... 1127
Book Reviews.
Brookes Automobile Handbook, by L. Elliot Brookes 656
Electric Wiring, Fittings, Switches and Lamps, by W. Perren Maycock..... 656
Electricians' Operating and Testing Manual, by Henry C. Horstmann and Victor H. Tousley 656
Elements of Electricity, by W. H. Timbie 656
Engineering Mathematics, by Charles P. Steinmetz 450
How to Make a Wireless Set, by Arthur Moore 656
Insulating Substances (Les Substances Isolantes), by Jean Escard..... 450
Machinists' and Draftsmen's Handbook, by Peder Lobben 450
Motion Study, by Frank B. Gilbreth.... 656
Principles of Electrical Engineering, by Harold Pender 450
Smoley's Tables, by Constantine Smoley 656
Storage Battery Engineering, by Lamar Lyndon 450
The Electrical Nature of Matter and Radioactivity, by Harry C. Jones.... 656
The Principles of Electric Wave Telegraphy and Telephony, by J. A. Fleming 450

223402

Boston automobile show 468
Boston Edison Company buys electrics.... 701
Boston Edison Company opens electric-vehicle campaign 1204
Boston Edison vehicle campaign*..... 420
Boston electric show, the 1912..... 1240
Boston electrification, an authoritative utterance on (E) 730
Boston, electrification at (E)..... 217
Boston, railroad electrification in..... 734
Boston, report on railroad electrification at 237
Boston subway development 982
Boston vehicle campaign, progress of..... 732
Boxes, new sectional cutout*..... 54
Brass mill, electric drive in*..... 149
Brazil, electricity in 835
Brazil, hydroelectric enterprise in..... 344
Brazil, telephone installation in..... 302
Brine cooler, Triumph shell*..... 766
Briquette industry of United Kingdom, coal 136
Briquettes in Germany, extensive use of coal 143
British Association for the Advancement of Science, annual meeting of..... 985
Broc electric vehicles for 1911*..... 304
Brooklyn automobile show 395
Brooklyn, boosting* 701
Brooklyn Edison Company dines electrical contractors* 431
Brunot's Island power plant, the, by Hartley M. Phelps*..... 1207
Buffalo grip, a new locking feature for the improved* 1240
Building construction, electricity in (E).... 731
Bulletins, company and company section, by E. H. Edkins..... 1098
Buoy lighting, acetylene, by David Ahidin. 174
Burglar alarm, electric 660
Burt, Alonzo* 1093
Business, new, by C. J. Snyder..... 942
Byllesby & Company employees' convention, H. M. 131
Byllesby Company acquires western properties 90

C

Cabinet, Wurdack safety*..... 908
Cable, long telephone..... 988
Cable, proposed British transatlantic..... 147
Cable rates, British official's opinion of.... 432
Cable rates lowered 1097
Cable route, new..... 1279
Cable route to Spain, new..... 80
Cable-splicing joints, extensive installation of Matthews* 616
Cable to South America, German..... 609
Cable, underground (E)..... 1203
Cables, German transoceanic..... 945
Cables, life of underground..... 298
Canadian Electrical Association, Commercial Section, appointment of committee chairmen 532
Canadian Electrical Association, convention of 1092
Canadian Electrical Association joins National Electric Light Association..... 172
Canadian generating plant, new..... 1263
Canadian Light & Power Company's lines. 545
Canadian Section, National Electric Light Association, Commercial Committee of 133, 180
Candlepower on alternating and direct current 144
Candles, electric lighting replacing Swiss. 497
Capacity, standards of, by H. L. Curtis*... 138
Car for Buffalo, Rochester & Pittsburg Railway* 911
Car for English railroad, gasoline-electric. 558
Car Lighting Club, meeting of..... 830
Car lighting, electric (E)..... 826
Car lighting, recent developments in train and, by Charles R. Gilman..... 849
Car on Long Island, Edison-Busch storage-battery 1069
Carbon tetrachloride (E)..... 371
Carbon tetrachloride 372
Carbon tetrachloride, dangers of using... 690
Carbon for high resistances (E)..... 2
Carolina power purchase..... 1071
Cars, Boston Elevated orders more..... 558
Cars for Detroit, pay-as-you-enter..... 82
Cars, new storage-battery..... 1188
Casting, large bronze* 564
Cathode-ray telephotography 1209
Cathodes, incandescent lime 1179
Cedar poles, producing* 504
Cedar poles, supply of..... 992
Cell, electromotive force of, influenced by pressure 432
Cell, new form of..... 925
Cell, new value for Weston, used in England 420
Cell testing, dry, by W. B. Pritz..... 745
Cell, thermodynamics of concentration, by H. S. Cavhart 844
Cells, construction of standard..... 798
Cells, electro-osmotic 276
Cement industry, some problems of, by Walter S. Landis..... 1171
Cement mills, power and heat distribution in, by L. L. Griffiths 1171
Cement that will stand 3,000 degrees Fahrenheit 452
Central Electric Company's annual reception and dance 302
Central Electric Railway Association..595, 1216
Central Electric Railway Association, annual meeting of 180
Central station at Moline, Ill., combined water power and steam*..... 735
Central-station business, future of..... 924
Central-station development (E)..... 922
Central-station employees, educating..... 1176
Central-station exhibit at Allentown, Pa.. 956
Central station for a small town, a modern*1285
Central-station ice-making (E)..... 1027
Central-station ice plants, by J. F. Nisbet* 1045
Central-station men, lectures for..... 241
Central station of Canton of Schaffhausen, by Alfred Gradenwitz* 471
Central-station opportunities (E)..... 1026
Central-station rates (E)..... 369
Central station, reconstruction of Rockford* 783
Central station, rehabilitation of*..... 423
Central-station service, oil fuel for (E)... 827
Central-station welfare work..... 678
Central station working with contractors, St. Joseph 403
Central stations, day load for, by E. T. Street 590
Century electric fans for 1911*..... 507
Charge, taxation assessment as basis for demand (E) 1027
Chattanooga, electrical exposition at..... 201
Chemical research fund for University of Berlin 293
Chemistry, International Congress of Applied 532
Chicago & South Bend road raises pay..... 454
Chicago automatic telephone service to be opened 44
Chicago automobile show..... 255
Chicago becomes great interstate telephone center 796
Chicago City Railway Company places big order 491
Chicago City Railway orders equipment... 302
Chicago committee for smoke elimination.. 580
Chicago Electric Club 68, 136, 220, 270, 324, 372, 477, 540, 639, 678, 741, 835, 878, 924, 982, 1035, 1103, 1168, 1204, 1264
Chicago electrical show*.....39, 75, 132
Chicago, electrification in 876
Chicago elevated railroad merger.....1031, 1166
Chicago elevated roads, resume negotiations for merger of..... 1031
Chicago-Milwaukee through service 172
Chicago, proposed subway for.222, 878, 992, 1031
Chicago Railways Company, electrical equipment of repair shops of*..... 853
Chicago rules for rubber-covered wires.... 420
Chicago Sanitary District current to be supplied to South Parks..... 605
Chicago Section, American Chemical Society 982
Chicago Section, American Electrochemical Society 173
Chicago Section, American Institute of Electrical Engineers, joint meetings with Electrical Section, Western Society of Engineers.220, 430, 641, 877, 893, 1094
Chicago Section, Illuminating Engineering Society.....146, 383, 604, 849, 1055, 1274
Chicago's street railways..... 806
Chicago subway hearings begun..... 1031
Chicago subway plan 222
Chicago, subway plans for*..... 1264
Chicago subway plans to be publicly discussed 992
Chicago, telephone rates in 172
Chicago telephone report and company's reply 74
Chicago telephone report, supplementary.. 324
Chicago, telephone situation in, by H. D. Critchfield 174
Chicago, terminal electrification in (E).... 577
Chilean centennial, illumination at*..... 293
China, how to introduce electrical machinery into 276
China, possibilities for telephone development in 44
Choke coil used to raise candlepower of flaming arcs, line 1056
Choke coils, air-cooled*..... 1122
Church cross, electric lights on..... 952
Cincinnati Metal Trades Association..... 504
Circuit-breaker, large 1123
Circuit-breakers, oil-break, by E. B. Merriam 427
Circuits, railway return, by E. E. Nelson. 886
Circus lighting, tungsten lamps for..... 552
City planning, relation of technical men to, by William B. Jackson..... 741
Civil service examinations, U. S..... 68
Cleveland, Electrical League of, address on 136
Cleveland Section, American Institute of Electrical Engineers 422
Clock, a London electric..... 1285
Clock diagram representation, conventions in, by W. S. Franklin..... 429
Clocks for Brooklyn Bridge..... 931
Coal-briquette industry of United Kingdom 136
Coal briquettes in Germany, extensive use of 143
Coal, effect of air on stored..... 1211
Coal lands and water-power withdrawals.. 692
Coal mine, electric plant for New Mexican 1007
Coal mines, electricity in 448
Coal production of Texas..... 1183
Coal production of United States..... 200
Coal production in 1909..... 90
Coal production in 1910..... 42
Coal production, increase in United States 945
Coal, purchase of, by Dwight T. Randall... 1173
Coal, spontaneous combustion of..... 1110
Coal used in Nebraska, by R. E. Burger... 940
Coefficients of heat transmission, by Prof. J. R. Allen 1213
Coke, new Mexican 1101
Collections of bills, by E. J. Bowers..... 1101
Collier, electrically propelled..... 1125
Colliery work, flame-proof motors for..... 448
Colonial fans for 1911*..... 508
Colorado River in Texas, hydroelectric development on* 1095
Colorado, state control of water powers in 477
Columbia & Puget Sound Railroad adopts the telephone 1285
Columbia electric vehicles for 1911..... 305
Columbia University, Electrical Engineering Society of 151
Columbus Buggy Company's vehicles for 1911* 305
Commercial motor vehicle exhibition, Chicago 287
Commercial museum, the Aichiken..... 1257
Commercial Section, National Electric Light Association.372, 530, 635, 881, 1001, 1036
Commercial Section, National Electric Light Association, membership campaign of 372
Commission for District of Columbia..... 1252
Commission for New Hampshire..... 1254
Commission news from Indiana..... 1017
Commission news from Massachusetts..... 310
Commission news from Minnesota..... 769
Commission news from Missouri.....257, 410
Commission news from New Jersey..... .....110, 207, 257, 569, 817
Commission news from New York..... .....57, 111, 160, 208, 257, 311, 360, 409, 457, 569, 617, 665, 719, 769, 817, 865, 913, 966, 1017, 1079, 1129, 1190, 1241, 1289
Commission news from Wisconsin..... .....57, 110, 208, 257, 310, 360, 457, 569, 617, 720, 817, 868, 1129, 1241
Commissions, evidence before public-utility (E) 1201
Commonwealth Edison Branch, National Electric Light Association 751
Commonwealth Edison Company, commercial development of, by E. W. Lloyd.. 220
Commutator slotting tools*..... 816
Commutators, aluminum for 49
Comparison of illuminants, notes on, by S. W. Ashe 1225
Compass, new recording 397
Compensators for induction motors, improved starting 1182
Complaint department, no, by W. B. Foshay 91
Composing room, electricity in 654
Concrete, electrolytic corrosion of iron in, by Prof. Charles F. Burgess..... 430
Concrete mixers, electric power operates New England 247
Condenser tubes, corrosion of..... 549
Condenser-type terminals, high-tension*.. 406
Condensers 439
Condensers, capacity and phase difference of paraffin paper, as functions of temperature and frequency, by F. W. Grover 842
Condensers, temperature coefficients of, by Anthony Zeleny 37
Condensing equipments, large*..... 811
Conductivity and magnetization, thermal.. 69
Conductor, stretching of, by its current (E) 266
Conductor, stretching of, by its current.... 641
Conductor, stretching of, by its current, by Carl Hering 278
Conductors, effect upon voltage of an asymmetrical arrangement of, by Cassius M. Davis*..... 636
Conduit construction in down-town New York, underground, by S. D. Levings* 478
Conduit in railway work, by J. Andreucetti 1032
Congress at Turin, international (E)..... 467
Congress of Technology.....422, 795
Congress of the Applications of Electricity, International, Turin, 1911..... 475
Connectors for grounding high-tension wires, Dossert* 48
Continental Europe, electrical notes from. 485, 693, 946, 1169
Continental Europe, year's electrical developments in, by C. L. Durand..... 29
Contractors and supply men, among..... ....103, 248, 451, 503, 657, 760, 904, 1071, 1233
Contractors, St. Joseph central station working with 403
Contracts and specifications, power-station, by W. B. Gump.....1174
Controllers, drum-type alternating-current reversible* 252
Controllers for motor-driven printing presses, new* 615
Controllers for motor-driven rotary printing presses* 812
Controllers, treadle-operated* 862
Convention season (E)..... 874

CONVENTIONS.

American Association for the Advancement of Science..... 35
American Brass Founders' Association 628
American Electric Railway Association 924
American Electrochemical Society..... .....139, 532, 580, 742
American Foundrymen's Association... ..... 628, 980
American Institute of Electrical Engineers 373, 388, 427, 782, 876, 921, 932, 1092, 1258
American Mining Congress.....630, 1031
American Physical Society..... 841
American Railway Engineering and Maintenance of Way Association.... 594
American Society for Testing Materials 889
American Society of Mechanical Engineers 420, 876, 1171
American Supply and Machinery Manufacturers' Association 276
Arkansas Association of Public Utility Operators* 676, 734, 993
Associated Foundry Foremen..... 628

CONVENTIONS—*Continued.*
Association of Railway Electrical Engineers 468, 532
Association of Railway Telegraph Superintendents 705
British Association for the Advancement of Science 985
Byllesby & Company employees, H. M.. 131
Canadian Electrical Association.... 1092
Central Electric Railway Association.. 180
German Society of Electrical Engineers 505
Illinois Electrical Contractors' Association 126, 1094, 1252
Illuminating Engineering Society.... 344
Indiana Electrical Contractors' Association 1254
Indiana Independent Telephone Association 1005
International Association of Municipal Electricians 1032
Iowa Electrical Association....676, 836
Iowa Street and Interurban Railway Association 676, 840
Michigan Electric Association.... 876
Minnesota Electrical Association*.... ....372, 468, 534, 590
Mississippi Electric Association.... 1140
Missouri Electric, Gas, Street Railway and Water Works Association.... 790
National Association of Cotton Manufacturers 676
National Carbon Company salesmen... 301
National District Heating Association. 126, 927, 985, 1212
National Electric Light Association... ....124, 628, 741, 780, 782, 828, 874, 888, 980, 1025, 1030, 1098, 1142
National Electrical Contractors' Association 1254
National Electrical Credit Association 1252
National Electrical Jobbers' Association 382
National Fire Protection Association.. .... 878, 1092
National Independent Telephone Association* 243, 345
National Irrigation Congress 901
National Supply and Machinery Dealers' Association 276
Nebraska Electrical Association....801-940
Northwestern Cedarmen's Association* 136
Ohio Electric Light Association....126, 876
Ohio Society of Mechanical, Electrical and Steam Engineers....650, 924
Railway Signal Association...594, 1092, 1204
Society for the Promotion of Engineering Education 630, 1252
Southern Supply and Machinery Dealers' Association 276
Southwestern Electrical and Gas Association* 734, 886
Wisconsin Electrical Association...124, 183
Wisconsin State Telephone Association 126
